How and Why **Christianity Changed the World**

~ the challenge for our generation

Saturday 25 July 2009

6.30 for 7.00 pm

Emmanuel College, William McGregor Drive,
University of Queensland, St Lucia Campus

The marginalisation of Christianity in Australia continues apace with legal restrictions on Christian witness through anti-discrimination and vilification laws (most states), removal of a doctor's right not to refer for abortion (Victoria), and the spectre of a bill of rights. It is timely to reflect how Christianity changed the world and how we can reverse the present trends.

Guest Speaker

Dr Jim Rawson OAM, National Group Leader Strategic Influencers Campus Crusade for Christ

Having been at the helm of both Scripture Union and Student Life in Queensland, Dr Rawson is aware of the cultural changes in Australia the past 50 years that have led to the present situation. He has his finger on the pulse of what has happened and knows what can restore the eminence of Jesus Christ in our nation.
